SANTA FE, N.M.—**Los Alamos National Bank (LANB)** is committed to providing a better way for its customers, the community and the environment, and is proud to announce the opening of a new “green” office in Santa Fe later this month.

LANB's new Cerrillos Road office is its third location in Santa Fe, and has been built to Gold LEED standards. Some of the building's energy-efficient and environmentally-friendly features include solar powered (photovoltaic) parking lot lights, 85 percent of energy from clean wind power and 100 percent non-potable water for landscape irrigation.

“The new Cerrillos Road Office will allow us to better serve our existing customers and provide convenience for new customers in Santa Fe,” said Fidel Gutierrez, Senior Vice President of Los Alamos National Bank. “As with our other offices, we have worked hard to make sure that this office reflects LANB's commitment to sustainability, our customers and the community.”

The new LANB office is located at **3674 Cerrillos Road**, on the southeast corner of Cerrillos and Vegas Verdes (one block east of Cerrillos and Zafarano). It is a full-service branch, offering customers the convenience of a five-lane drive-up with night depository and a walk-up ATM in addition to its other banking and Trust & Investment services. This office is LANB's third location in Santa Fe. The bank also operates other offices in Los Alamos and White Rock.

**LANB will host a grand opening celebration for the new office on Saturday, October 24<sup>th</sup> from noon to 3 p.m. The event is open to the public and will include special remarks, tours of the new “green” office, live music by Alex Maryol, food and beverages and prizes including a new Smart Car.**
